

The secure all-in-one solution for law firms

Send, share and e-sign—on any device.

Start saving time and money today.

Business-class file sharing capability

Easily send and receive big files and large volumes of documents through existing email with no extra steps.

Security and compliance support

Keep client and business information safe with bank-level data encryption. Get expert support to help you maintain compliance with regulations including HIPAA, CFPB and more.

Documents signed in minutes

Streamline document signing and the time spent waiting for completed paperwork by up to 93% with legally binding e-signatures.

Secure remote access

Directly access case information and legal matters stored on office PCs from any device, any time.

Powerful collaboration capability

Make it easier for your team, clients and opposing councils to securely upload, download, and share files using a single custom-branded portal.

Easy-to-use interface and 24/7 technical support

Learn to use ShareFile in minutes. If you or your team members need help, get support around the clock from real people.
